Delmar Chiropractic is proud to offer the NuLean Wellness Weight Loss Cleanse – a new 100% natural, clinically proven weight-loss breakthrough that helps you reprogram your body's metabolism. This proprietary blend of herbs and nutrients is designed to cleanse the body of impurities and fat. It will help restore a youthful metabolism faster than you think. Utilizing products and protocols across two weeklong phases, this weight loss solution gets directly to the cause of unwanted weight gain.

## detoxify . . . lose weight . . . feel better

### TOXIN BUILDUP = FAT MAGNETS

Our bodies are bombarded by toxins from every angle – from the foods we eat to the water we drink to the air we breathe. As a preventive measure, when toxins invade the body, they get stored in fatty tissue, which become centers of inflammation or weight gain – the more toxins, the more fat. By eliminating the toxins, our bodies can function at a higher level; thus creating a healthier and thinner you. Cleanse toxins the NuLean way and lose a pound a day.

### DETOX PROGRAM

The NuLean cleanse paired with regular chiropractic adjustments and moderate daily exercise comprise Delmar Chiropractic's 7- to 21-Day Detox program, which can be designed to meet each individual's wellness goals. Whether you seek a short-term program with big results or are prepared to take the 21 days research shows it takes to develop a new habit, Dr. Costantino will collaborate with you to determine the approach best suited for your needs.
